

TO THE LEGISLATIVE COUNCIL OF VICTORIA

The Petition of certain citizens of the State of Victoria draws to the attention of the Legislative Council the Change or Suppression (Conversion) Practices Prohibition Bill 2020.

The bill is a gross government overreach and intrusion into the rights and freedoms of all Victorian citizens who do not share the views and ideological constructs around identity, gender and sexuality which the bill imposes. These gender and sexuality constructs go against mainstream Islamic teachings and directly hinder the ability of Muslims in Victoria to practice their religion freely.

The Petitioners therefore request that the Legislative Council immediately halt the Change or Suppression (Conversion) Practices Prohibition Bill 2020 and that faith communities be consulted.
